ITEMS NOT INCLUDED AND MISC NOTES

Items not included unless specifically noted:

⚠ Prevention from (or repair of) external water leakage.	⚠ Moving or redoing underground plumbing.
⚠ Correcting any unforeseen, previously done, faulty work.	⚠ Sub-grade camera work. (Price starts at \$250.)
⚠ Altering or moving of bearing walls.	⚠ Installing, moving or discarding of any appliance.
⚠ Repairing, adjusting or replacing of any security items.	⚠ Installing or mounting TVs, projectors or A/V devices.
⚠ Running (or connecting to) upstairs low-voltage lines.	⚠ Altering (or adding to) the existing heating trunk system.
⚠ Collection panel(s) or data/voice hardware.	⚠ Adding or altering zoning equipment.

Notes:

- ❗ All sub-grade plumbing and concrete work associated with the bid are estimates based on normal/anticipated conditions.
- ❗ Tub and toilet drains must be in exact positions for the bathroom layout to work as designed. Costs (above anticipated estimates) for concrete cutting, patching, jackhammering, digging (or abnormal procedures) are extra.
- ❗ Closets, storage areas, under stairs and other utility areas are painted one color only (usually the trim color).
- ❗ Circuit breakers, switches, receptacles, boxes, wire sizes, etc. are industry standard and not brand-specific.
- ❗ We will replicate the termination-ends of our low-voltage lines to that of the existing low-voltages lines.
- ❗ Drywall price assumes that drywall can be stocked by the typical removal and re-installation of a basement window.
- ❗ Actual floor covering material needed may vary slightly between sketch estimates and actual field measurements.
- ❗ For LVT/LVP flooring, additional costs for extra prep/floating, etc. may be necessary for uneven concrete floors.
- ❗ Our insulation, as bid, meets or exceeds the requirements being enforced for basement finishing in most cities.
- ❗ Any item or process required by the city inspector that is not included in the bid will be added to your bill.
